1(888) 668-8717

Sask South ABI Outreach Team - *Regina Qu'Appelle, Sun Country, Five Hills, Cypress, Sunrise Health Regions*

Wascana Rehabilitation Centre
2180 – 23rd Avenue
Regina, SK S4S 0A5
Phone: (306) 766-5617
Fax: (306) 766-5144
1(866) 766-5617

Web site:
www.abipartnership.sk.ca

2. Early Childhood Intervention Programs

Early Childhood Intervention Programs (ECIPs) are a province-wide network of community-based supports for families of children who experience developmental delays. ECIPs utilize a strength-based approach to deliver family-focused, home- and centre-based services to families. Early Childhood Interventionists and Consultants build trusting relationships with families and assist them in working toward mutually-identified goals.

ECIP organizations share the vision of “all families having the capacity to meet the developmental needs of their children”.

ECIP staff provide a link between families and other professionals in the Early Learning and Child Care sector and the PreK-12 sector. They strive to work collaboratively with child care

providers, speech and language pathologists, physiotherapists, occupational therapists, nurses, physicians, early childhood psychologists, teachers, and school administrators, among others, to ensure family-centred goals are achieved and smooth transitions to school and other centre-based programs and services occur.

There are thirteen ECIPs located throughout Saskatchewan:

Kindersley (West Central)	306-463-6822
La Ronge (Children North)	306-425-6600
Lloydminster (Midwest)	306-825-5911
Meadow Lake & Area (including Ile-a-la-Crosse)	306-236-4247
Moose Jaw (South Central)	306-694-9200
North Battleford (Battlefords)	306-446-4545
Prince Albert	306-922-3247
Regina Region	306-347-5020
Saskatoon Region	306-655-1083
Swift Current & District	306-773-3600
Tisdale (North East)	306-873-3411
Weyburn & South East	306-842-2686
South East Cornerstone School Division	306-848-0080
Holy Family Roman Catholic Separate School Division	306-842-7025
Yorkton (Parkland)	306-786-6988

Cypress Regional Hospital
Therapy Services (306) 778 – 9449

Five Hills Health Region www.fhhr.ca

1. Preschool Speech-Language Pathology Services

107-110 Ominica St W
Moose Jaw SK S6H 6V2
Phone: (306)691-6400
Fax: (306)694-8804

The preschool program accepts referrals for children 0 to 5 years of age who are not currently enrolled in school. Toddlers who are slow to start using words easily and clearly or older preschool children who have a difficult time producing and using clear speech may be referred.

Children with delayed language development, genetic disorders such as Down's Syndrome or cleft palate, pervasive development disorders such as autism, medical conditions such as cerebral palsy, hearing impairments may also be involved in this program. Children who may be at risk for delays in their development of effective communication skills would also find benefit from being enrolled in the Speech Language Therapy Program.

2. Adult Speech-Language Pathology Services

200-2nd Ave NE
Moose Jaw SK S6H 1B8
Phone: (306)691-6404
Fax: (306)694-8804

The adult population may include individuals who have suffered a stroke, head injury or who have progressive degenerative diseases such as Amyotrophic Lateral Sclerosis or Parkinson's Disease, who have had head and neck surgery, or those with other medical conditions resulting in a cognitive, language, voice or swallowing disorder.

Heartland Health Region www.hrha.sk.ca

1. Preschool Services

The *Partners in Communication* Program was piloted and developed as a community-based program for preschool children who achieved minimum success utilizing traditional intervention strategies. The new approach includes a program partner who conducts the home-program for the parent/s. *Partners in Communication* won the 1998 SAHO Green Ribbon Award for excellence.

2. Adult Services

'*Endeavour: A Communication Strategy for Seniors in Facilities*' is an innovative approach to stimulate contact and interaction with and among individuals with Stroke, ABI, Alzheimer's and Neurological Impairments. Clinics are held in Davidson, Outlook, Rosetown, Biggar, Unity, Kindersley, Kerrobert. Satellite clinics may be held in Wilkie, Macklin, Eston, Eatonia and Lucky Lake.

3. Other SLP Services

1. Acquired Brain Injury (ABI)

Saskatchewan Health & Saskatchewan Government Insurance (SGI) have established a unique partnership to create a coordinated and integrated continuum of community-based services for individuals with an acquired brain injury and their families.

These services and programs enable clients, families and caregivers to receive education, rehabilitation, life enrichment, residential and vocational services as close to their home communities as possible.

Contact:

Melfort Therapies Phone: (306) 752-1754

2. Regional Autism Services

Austism services include a consultant who supports children/youth from birth to 19 years of age with known or suspected Autism Spectrum Disorders and their families; a support worker who enhances support for children from birth through school entry; and respite focused on seasonal recreational support.

For more information, phone: (306) 862-7249 – Nipawin

3. Pediatric SLP Services

In the rural portion of the region, pediatric speech-language pathology services are generally provided through Public Health Services.

Saskatoon Health Region www.saskatoonhealthregion.ca

For information about Saskatoon Health Region's speech-language pathology services, please call (306) 655-2434.

1. Acute Care

Speech-language pathologists are based within each of the three acute care hospitals:

Royal University Hospital (*in-patient pediatric speech-language services, adult neurological and neurosurgical clients*)

Saskatoon City Hospital (*Rehabilitation Program, Adult Speech-Language Centre*)

St. Paul's Hospital (*Ear, nose and throat (ENT), head and neck surgical patients*)

2. Long Term Care

Special care homes receive consultation services, upon request, from other areas within the region.

Parkridge Centre (*Geriatric Enablement Unit, in-house speech-language pathology services*)

3. Community Care

Adult

- The Adult Speech-Language Centre
 - located at Saskatoon City Hospital provides the majority of the adult out-patient services for the region, with the exception of swallowing services which are provided out of the acute care hospitals.

Pediatric

In the rural portion of the region, pediatric speech-language pathology services are generally provided through Public Health Services. Contact number for Speech-Language Pathology services is (306) 655-4700.

Mailing Addresses and Phone Numbers for Public Health offices within Saskatoon Health Region:
