

Speech-Language Pathologist

One-year term (with possibility of extension)

Full or Part time positions

The AIM (Ability In Me) Program is a non-profit organization to support children ages 0 to 22 and their families with Down syndrome.

An unique opportunity to be a part of the specialized speech component of the program. You will work in collaboration with other AIM team members, parents, health care providers and educators. This will include working directly with the children and their parents, providing small, large, and group or individual therapy.

Candidates must have a master's degree and must be eligible for and licensed by the Saskatchewan Association of Speech-Language Pathologists and Audiologists (SASLPA).

Only candidates with suitable resumes will be contacted. To apply or request a detailed job description you may contact tammy.ives@aimprogram.ca. Visit www.aimprogram.ca to learn more about the program.

Deadline: September 15, 2017(or until position(s) are filled)

Location: Saskatoon
